SERVICES

Ancillary Services

Diagnostic

- Audiology
- Bronchoscopy
- CT/PET scans
- Diagnostic radiology
- Echocardiogram
- Electromyography
- Electrophysiology studies
- Endovascular laser therapy
- Laboratory
- MRI, MRI breast biopsy, MRI breast imaging
- Navigational robotic bronchoscopy
- Nuclear medicine
- Outpatient diagnostic testing for adults
- Phlebotomy services
- Pulmonary physiology
- Radiation oncology services
- Radiology services
- Renal dialysis services
- Tilt table test
- Ultrasound

Therapeutic

- Rehabilitation services for inpatients (physical, occupational and speech-language therapies)
- Respiratory therapy
- Therapeutic blood services
- Wound care services for outpatients

Cancer Services

- Accelerated Partial Breast Irradiation (ABPI) – MammoSite
- Acute hematology inpatient oncology unit
- Cellular therapies — Tumor-infiltrating lymphocytes (TIL) and CAR T
- CyberKnife stereotactic body radiation therapy
- CyberKnife stereotactic radiosurgery
- High Dose Rate (HDR) brachytherapy
- Image-guided radiation therapy
- Intensity-modulated radiation therapy
- Interventional radiology cancer treatments
- Intraoperative radiation therapy
- Medical oncology inpatient unit
- Nuclear IV therapy
- Stem cell transplantation
- Surface-guided radiation therapy
- Surgical oncology inpatient unit
- Total body irradiation
- Tumor ablation
- Volumetric modulated arc therapy

Emergency Services

- All emergency services available
- Freestanding emergency department located on Baptist Arlington Medical Campus

Heart Services

- Adult cardiac surgery
- Adult heart transplants
- Advanced heart failure treatment
- Cardiac brachytherapy
- Cardiac contractility modulation therapy
- Cardiac intensive care
- Cardiac interventional radiology
- Cardiac magnetic resonance imaging
- Cardiac rehab
- Coronary calcium scoring (Heart Score)
- CT angiogram coronary imaging
- Electrocardiogram
- Electrophysiology procedures
- Extracorporeal Membrane Oxygenation (ECMO)
- Heart biopsies
- Heart catheterizations
- Mechanical circulatory support devices
- Non-invasive vascular studies
- Non-invasive cardiology
- Nuclear cardiology
- Open-heart surgery
- Pulmonary hypertension treatment

Interventional Radiology Services

- Angiography and related treatment
- Arteriograms
- Deep vein thrombosis treatment
- Embolization
- Fluoroscopic gastrostomy
- Invasive radiology procedures
- Interventional radiology cancer treatments
- Percutaneous drain
- Percutaneous nephrostomy
- Pulmonary embolus treatment
- Stroke intervention
- Transjugular intrahepatic portosystemic shunt (TIPS)
- Tumor ablation
- Venous access

Neurology & Neurosurgery Services

- Neurodiagnostic services
- Adult epilepsy monitoring inpatient unit
- Neurology hospitalist program
- Neurological intensive care
- Neurosurgery
- Stroke/Vascular neurology
- Teleneurology

Registries

- AFib Ablation Registry
- Bariatric Registry
- Cancer/Tumor Registry
- Chest Pain — MI Registry
- CathPCI Registry
- Heart Failure Registry
- ELSO (Extracorporeal Life Support Organization) Registry
- EP Device Implant Registry
- Scientific Registry of Transplant Recipients

- INTERMACS (Interagency Registry for Mechanically Assisted Circulatory Support)
- Left Atrial Appendage Occlusion Registry
- Dose Index Registry
- Lung Cancer Screening Registry
- Get With The Guidelines Stroke Registry
- STS (Society of Thoracic Surgeons) National Database

Special Services Within the Hospital

- Baptist OneCare MyChart (gives patients secure, electronic access to their medical records)
- Diabetic and nutritional counseling
- eICU for all intensive care units
- Inpatient hospice care and palliative care
- Interpretation services for hearing-impaired and non-English-speaking patients
- Physician referral service

Special Designations

- Aetna Institute of Excellence for Heart Transplant
- American Association for Respiratory Care
- American Association of Cardiovascular and Pulmonary Rehab
- American College of Cardiology Cath Lab Accreditation
- American College of Cardiology Chest Pain Center Accreditation with Primary Percutaneous Coronary Intervention
- American College of Cardiology Chest Pain — MI Registry Platinum Performance Achievement Award
- American College of Cardiology Electrophysiology Accreditation
- American College of Cardiology Heart Failure Accreditation
- American College of Cardiology Transcatheter Valve (TAVR) Certification
- American College of Radiology for CT/MRI/ Ultrasound
- American College of Radiology Designated Lung Cancer Screening Center
- American College of Surgeons Bariatric Center of Distinction
- Association for the Advancement of Blood & Biotherapies accreditation
- BlueCross BlueShield Bariatric Center of Distinction
- BlueCross BlueShield Designated Blue Distinction Center+ for Adult Heart Transplant
- BlueCross BlueShield Transplant Center of Distinction
- Certified Joint Commission Left Ventricular Assist Device Center and Program
- Certified Joint Commission Primary Stroke Center
- College of American Pathologists Accreditation

- Commission on Cancer Accreditation
- Comprehensive Stroke Center Certified by the Joint Commission (2021)
- Extracorporeal Life Support Organization (ELSO) Award for Excellence in Life Support
- Foundation for the Accreditation of Cellular Therapy
- Humana Center of Excellence for Heart Transplant
- National Board of Respiratory Care
- Intersocietal Accreditation Commission for Echocardiography
- National Surgery Quality Improvement Project Distinguished Hospital Award (2022)
- Optum Center of Excellence for Heart Transplant and Ventricular Assist Device

Surgical Services

- Acute care surgery
- Adult heart transplant surgery
- Bariatric (weight loss) surgery
- Cardiovascular surgery
- General surgery
- Laparoscopic surgery
- Laser surgery
- Medical and surgical acute care
- Neuroendovascular surgery
- One-day surgery
- Orthopedic surgery
- Robotic surgery
- Surgical oncology
- Surgical Pre-Optimization Clinic

FIRSTS

- First in Memphis to perform the concomitant WATCHMAN FLX implantation following atrial fibrillation ablation (2024)
- First in Memphis to implant the minimally invasive Impella RP Flex with SmartAssist device (2024)
- First Baptist Memorial Hospital to use to use the FARAPULSE Pulsed Field Ablation System (2024)
- First in the Mid-South to use navigational robotic bronchoscopy
- First in the Mid-South to offer SafeID facial recognition for radiation oncology patients (2024)
- First in Memphis to use the Spyglass DS technology to diagnose and treat gastrointestinal diseases and conditions

- First in the Mid-South to use MitraClip therapy for patients with mitral regurgitation
- First in the Mid-South to offer image-guided radiation therapy
- First in the Mid-South to achieve more than 2,000 robotic minimally invasive lung surgeries and more than 500 robotic bronchoscopies
- First in the Mid-South to offer CyberKnife
- First in the Mid-South to have a genetics counseling program
- First in the Mid-South to perform coronary artery bypass surgery
- First hospital in Tennessee to discharge a patient home on HeartMate ventricular assist device
- First adult hospital in the Mid-South to provide surface-guided radiation therapy
- First in Tennessee to use cardiac contractility modulation (CCM) therapy for the treatment of heart failure (2023)
- First in the Mid-South to use the WATCHMAN Implant device for atrial fibrillation not caused by heart valve problem (2018)
- First in Tennessee to use the Barostim implant for the treatment of heart failure (2022)
