

Put your degree to work Right Now. Join Our Nurse Residency Program!

Baptist's Progressive Clinical Nurse Residency Program

Transitioning from the classroom to the bedside can be intimidating at any time, but especially so during a global pandemic. Our clinical nurse residency program at Baptist Memorial Hospital can help you navigate this transition and quickly advance from a student to a practicing nurse with confidence. We offer a customized curriculum led by experienced nurses to answer your questions, guide you through your first year of practice and help you make smart and safe decisions.

What can you expect?

- American Nurses Credentialing Center standards aligned with Baptist's mission, vision and values
- Monthly sessions for one year of added support, education and development
- Interactive and innovative education
- Expansion of your knowledge, skills and attitudes
- Group activities and networking opportunities with other new graduate nurses at Baptist
